Team building

- Tier 1: 650k + 2 primary skills
- Tier 2: 650k + 3 primary skills
- Tier 3: 700k + 2 primary, 1 secondary (or primary) skills

Teams allowed

The 29 standard teams; Simyin, Slann and any of the 92 playable Secret League teams (<https://fumbbl.com/help:SecretLeague2020>), as long as you take care to represent them in appropriate and recognisable models. Do not proxy teams for completely different races, and chibi teams (like Greebo Cutiemals) should have clear base markings, easily visible at arm's length. Unpainted or merely primed models get Loner (2+).

Rules used

Second Season edition, 7s rules from Death Zone, most recent errata. Cutoff date for new teams and rules (other than errata) is the date of publication. The only variation is the kick-off roll: deviate is done by rolling 2d6 for distance, removing the highest result.

Pairing

Swiss (round 1 is paired at random)

Scoring

20/10/0. Bonus points: 1 point per TD, 1 point per CAS, each to max 5

Tie breakers

1. Opponent score
2. TD total
3. CAS total

Tournament prizes

- Best team 'Favoured of Nuffle'
- Most casualties inflicted 'Favoured of Khorne'
- Most touchdowns scored 'Favoured of Slaanesh'
- Most fouls committed 'Fan Favourite'
- Most casualties taken 'Paper Armour'
- Best painted team

We follow the share the wealth principle: If a coach is eligible for multiple prizes, they can choose which they want, following the hierarchy above.

Christmas Raffle

We are proud to announce Spellekijn/Vliegeruit as this tournament's sponsor. They have generously donated lots of prizes for a Christmas raffle. They have also kindly provided vouchers (for either their physical store or the webshop) for the winners of tournament prizes!

Timetables

10:00 - 10:30	Walk in, registration and set-up
10:30 - 11:45	Round 1
11:45 - 12:15	Break
12:15 - 13:30	Round 2
13:30 - 14:45	Round 3
14:45 - 15:15	Break - set up your army for painting competition/judging
15:15 - 16:30	Round 4
16:30 - 17:00	Closing ceremony

Coaches have 75 minutes per match; 60 of those are for playing, 5 grace minutes to end the match, and 10 minutes to report scores, take a breather and find the table for the next round.

The TO will remind people of the time at 45, 30 and 15 minutes left respectively. If a game is not in second half with 20 minutes left, the game will be put on a chess timer for the remaining time per coach. Once a coach's time runs out, they are only allowed to set up prone models and move the turn marker.

Lunch/food

There will be no lunch provided, but there's a chippy right around the corner.
